EDUCATION

VIT Bhopal University

Bachelor of Technology in Computer Science Engineering

Bhopal, MP

Aug. 2021 – Ongoing
CGPA 8.09/10

TECHNICAL SKILLS

Languages: C++, Dart, JavaScript (ES6+), SQL

Frameworks/Libraries: Angular, Bootstrap, Express.js, Next.js, Node.js, React.js

Web Technologies: HTML/CSS, RESTful APIs

Other Technologies/Tools: CI/CD, Docker, MongoDB

PROJECTS

Lostify VITB | MERN Full Stack

Sept 2024 – Dec 2024

- Pioneered Lostify's user-friendly and secure platform; Developed and maintained front-end components using React.js, improving application load times by 25%.
- Implemented RESTful APIs using Node.js, allowing for efficient data communication between the client and server, resulting in a 30% improvement in data handling speed.
- Constructed advanced routing with React Router, enhancing page load efficiency and boosting user engagement by 300+ sessions weekly.
- Built and managed MongoDB databases, optimizing data retrieval with efficient indexing and query techniques, leading to a 25% decrease in response times for complex queries.

Art Gallery Website | MERN Full Stack

Nov 2023 – Feb 2024

- Engineered a fully functional Art Gallery website, showcasing robust front-end and back-end capabilities; optimized user authentication and database management, driving a 35% boost in artist submissions and a 25% increase in user retention.
- Designed and deployed a responsive UI for the Art Gallery website using React.js, enhancing user experience and achieving a 90% increase in user engagement.
- Gained hands-on experience with MongoDB, Express.js, React.js, and Node.js through intensive training and project work; resulted in a 40% improvement in development efficiency and a 30% reduction in bug occurrences.
- Engineered Express.js and Node.js applications with MongoDB, achieving a 45% reduction in page load times and a 60% improvement in data retrieval speed.

EXPERIENCE

Project Management Intern

Jan 2023 – Mar 2023

Earth Analytica Lab

Remote

- Facilitated team meetings to assess project risks, track progress, and address challenges, improving team alignment and adherence to project milestones by 30%. Managed communication channels 25%, ensuring effective information flow among team members and stakeholders.
- Documented project risks and mitigation strategies, prepared risk assessment reports, and presented findings to supervisors for review and feedback, contributing to informed decision-making processes. Contributed to the successful completion of projects within specified deadlines, resulting in a 20% increase in project efficiency 15%.
- Enhanced team collaboration and productivity, leading to a 15% improvement in project delivery times 10%.

CERTIFICATIONS

- Associate Cloud Engineer, **Google Cloud**, Mar 2024
- Google Cloud Computing Foundations **Google Cloud**, Dec 2023
- MERN Full Stack Internship **ETHNUS (Codemithra)**, Dec 2023

EXTRACURRICULAR

- Techno Innovation Rally:** Participant in TIR, secured 6th Rank in coding challenge. (Sept'23)
- Techkriti'22:** Participant in Techkriti'22 IIT Kanpur, contributed to open source projects.(Feb'22)
- Coding:** Maintaining **220+** streaks in **LeetCode** and **175+** streaks in **GeeksForGeeks** platform.
